Notice of Availability

The U.S. Army Corps of Engineers, New York District announces the availability of the *Draft Finding of No Significant Impact (DFONSI)*, *Draft Environmental Assessment (DEA)* and *Draft Feasibility Report (DFR)* for the *Leonardo, Raritan Bay and Sandy Hook Bay, New Jersey, Coastal Storm Risk Management Feasibility Study*.

With the passage of the Hurricane Sandy Disaster Relief Appropriations Act of 2013 (Public Law 113-2), the U.S. Army Corps of Engineers has been given the authority and funding to complete ongoing coastal storm damage risk reduction projects and studies in the Northeast.

This DEA was prepared to identify, evaluate, and disclose all associated impacts that would result from the proposed action.

The DFONSI, DEA and DFR will be posted on the on the New York District's website:
www.nan.usace.army.mil/Leonardo

For further project information contact:

Jenifer Thalhauser
Project Manager
New York District Corps of Engineers
(917) 790-8632
jenifer.e.thalhauser@usace.army.mil

To request a copy of the DFONSI, DEA and DFR and to submit written comments, please contact:
