Notice of Availability of Environmental Assessment

The U.S. Army Corps of Engineers, New York District announces the availability of the *Draft Environmental Assessment Atlantic Coast of Long Island, Jones Inlet to East Rockaway Inlet, Long Beach Island, New York Coastal Storm Risk Management Project (DEA)*.

With the passage of the Hurricane Sandy Disaster Relief Appropriations Act of 2013 (Public Law 113-2), the U.S. Army Corps of Engineers has been given the authority and funding to complete ongoing coastal storm damage risk reduction projects and studies in the Northeast. As part of the planning and implementation process for the authorized Atlantic Coast of Long Island, Jones Inlet to East Rockaway Inlet, Long Beach Island, New York, Storm Damage Reduction Project, the New York District has updated prior engineering and design efforts, physical surveys, and environmental compliance.

This Environmental Assessment is being prepared to evaluate the significance of potential environmental impacts of the proposed action and determine if the proposed project warrants the preparation of an environmental impact statement.

The DEA will be posted on the on the New York District's website:
<http://www.nan.usace.army.mil/>
