

# ARTHUR KILL/KILL VAN KULL STUDY AREA

## Hudson-Raritan Estuary Ecosystem Restoration Project

### POTENTIAL RESTORATION SITES

HRE ID#	Site Name
1AK	Rahway River-Orange Reservoir
2AK	Rahway River-Cranford
3AK	Rahway River-Vauxhall Creek
4AK	Rahway River-Parkway-The Lagoon
5AK	Rahway River-Parkway Lake
6AK	Rahway River-Union/Allen Streets
7AK	Rahway River-West Grand Avenue
8AK	Rahway River-Essex Street
9AK	Rahway River-Riverfront Park
10AK	Rahway River-Madison/Maples Avenues
11AK	Rahway River-Central Avenue (RHR)
12AK	Rahway River-Joseph Medwick Park
13AK	Rahway River-Central Avenue (RHE)
14AK	Range Road Forest
15AK	Rahway River
16AK	Rahway River Site/DRI-Print Foil Printing Co.
17AK	Rahway River Site-Milton Lake
18AK	Rahway River Site-Potters Island
19AK	Elizabeth River
20AK	Arthur Kill/Multiple Sites
21AK	Bridge Creek Stream Corridor-Howland Hook Container Port
22AK	Morses Creek
23AK	Shooters Island
24AK	Piles Creek
25AK	Old Place Creek/Arthur Kill/Kill Van Kull
26AK	Pralls Island
27AK	Kill Van Kull/Kill Van Kull A&B
28AK	Fresh Kills Landfill
29AK	Richmond Creek
30AK	Woodbridge Creek
31AK	Woodbridge River
32AK	Long Pond Park

The Hudson-Raritan Estuary Ecosystem Restoration Project (HREERP) is being carried out under the U.S. Army Corps of Engineers' General Investigations (GI) Program in coordination with The Port Authority of New York & New Jersey. The goals of the study are to establish, restore, and enhance ecological systems throughout the NY/NJ Harbor Estuary to self-sustainable levels. This map is a draft product of the Environmental Analysis Branch, Planning Division, Army Corps of Engineers, New York District's Feasibility Study for the HREERP. The candidate habitat restoration sites depicted on this map are those identified by the 'Needs and Opportunities' Report, prepared for the Port Authority of NY & NJ by the Regional Park Association. The HREERP review process is both extensive and dynamic, therefore, it is expected that restoration sites will be added, eliminated or modified throughout the study. Additional maps will be produced as revisions to the restoration sites are made.
