

# LOWER RARITAN RIVER STUDY AREA

## Hudson-Raritan Estuary Ecosystem Restoration Project

### POTENTIAL RESTORATION SITES

HRE ID#	Site Name
1RR	South Plainfield Veterans Memorial Park
2RR	Cornell Dubilier Superfund Site
3RR	Chemsol, Inc.
4RR	Auxilic Air
5RR	Woodbrooke Road
6RR	Renora, Inc.
7RR	Hatco Chemical
8RR	IT/EI Paso/Tennaco Energy/Nuodex
9RR	Raritan Arsenal
10RR	National Lead
11RR	131 Jersey Avenue
12RR	Kents Neck
13RR	Disch Disposal Site
14RR	Chemical Insecticide Superfund Site
15RR	Silver Lake
16RR	Mill Brook Center
17RR	Iron Leaf
18RR	Kin-Buc Landfill
19RR	ILR
20RR	Edison Landfill
21RR	Fried Industries
22RR	Edgeboro Landfill
23RR	Raritan/South Rivers
24RR	Raritan Center
25RR	Raritan River Waterfront
26RR	Evor Phillips Leasing Company
27RR	CPS/Madison Industries
28RR	South Brunswick Landfill
29RR	Jones Industrial Service Landfill
30RR	Factory Lane
31RR	Middlesex Sampling Plant

The Hudson-Raritan Estuary Ecosystem Restoration Project (HREERP) is being carried out under the U.S. Army Corps of Engineers' General Investigations (GI) Program in coordination with The Port Authority of New York & New Jersey. The goals of the study are to establish, restore, and enhance ecological systems throughout the NY/NJ Harbor Estuary to self-sustainable levels. This map is a draft product of the Environmental Analysis Branch, Planning Division, Army Corps of Engineers, New York District's Feasibility Study for the HREERP. The candidate habitat restoration sites depicted on this map are those identified by the "Needs and Opportunities" Report, prepared for the Port Authority of NY & NJ by the Regional Plan Association. The HREERP review process is both extensive and dynamic, therefore, it is expected that restoration sites will be added, eliminated or modified throughout the study. Additional maps will be produced as revisions to the restoration sites are made.
