Breakwater Repairs

FACT SHEET

DEC 2008 / JAN 2009

DESCRIPTION: Repair of deteriorated portions of the breakwater .Approximately 50% of the breakwater will be rehabilitated in Phase II construction.

AUTHORIZATION: Adopted in 1836, modified to 1910 provides for a breakwater about 1,565 feet long. Dredging an area between the breakwater and the wharves to 9 ft. depth. Revetment of the beach in front of the United States Military reservation.

STATUS: Plans and specifications for the required repairs are complete. Construction is indefinitely deferred until funds are made available. No funds were provided in the FY05 through FY08 budget for construction of the required repairs. The Water Quality Certification (WQC) was been extended from 1 October 2008 until 1 October 2012. The WQC can be extended until 1 October 2014 with out doing another Environmental Assessment.

OUTSTANDING ISSUES: The plans and specifications will have to be updated before advertisement.
