

U.S. ARMY CORPS OF ENGINEERS NEW YORK DISTRICT

WHO WE ARE

The U.S. Army Corps of Engineers is one of the world's premier public engineering, design and construction management agencies.

We support a broad range of missions for the Department of Defense and the nation, including the design and construction of military facilities, engineering research and development, water and natural resource management, and support to other government agencies.

WHERE WE ARE

Our civil works, regulatory, and military construction boundaries include projects in the following areas:

- > Connecticut
- > Maine
- > Massachusetts
- > New Hampshire
- > New Jersey
- > New York
- > Rhode Island
- > Vermont
- > Greenland

A MULTIDISCIPLINARY WORKFORCE

Whether your skills are accounting or engineering, you can contribute to a mission that excites you at the New York District. Our employees are experts in numerous fields, and our team members can work with, learn from and become experts.

Positions are available in many fields, including:

- > Engineering (Chemical, Civil, Mechanical, Electrical)
- > Architecture
- > Science (Biology, Ecology, Hydrology, Geology)
- > Contracting
- > Programs & Project Management

SOLVING COMPLEX PROBLEMS

As the nation's engineer, the U.S. Army Corps of Engineers works to find innovative solutions to challenges that affect everyone – sustainability, climate change, endangered species, environmental cleanup, ecosystem restoration and more.

At the New York District, our area of responsibility encompasses more than 20 million people spread across 37 congressional districts. Some of our responsibilities include:

- > Designing + constructing floodwalls + levees to keep communities safe from storms and floods
- > Preventing coastal erosion along 400 miles of shoreline
- > Regulating impacts to wetlands + navigable waterways
- > Cleaning up contaminated sites from past military activities
- > Deepening + widening waterways for commercial navigation
- > Responding to natural disasters + national emergencies
- > Providing real estate services to U.S. Armed Forces recruiting stations + military installations
