

**DEPARTMENT OF THE ARMY**  
 US ARMY CORPS OF ENGINEERS, NEW YORK DISTRICT  
 JACOB K. JAVITS FEDERAL BUILDING  
 26 FEDERAL PLAZA  
 NEW YORK NY 10278-0090

Mr. Kenneth Kosinski, Bureau Chief  
 Bureau of Flood Protection and Dam Safety, Division of Water  
 New York State Department of Environmental Conservation  
 625 Broadway  
 Albany, New York 12233-3504

SEP 07 2021

Dear Mr. Kosinski:

Section 1002 of the Water Resources Reform and Development Act of 2014 (WRRDA) allows for greater transparency in the notification and reporting of feasibility study milestones. Section 1002 requires the District Engineer to provide non-Federal interests a notification of feasibility study milestones schedules for all active studies that received Investigation appropriations since October 1, 2009 until June 10, 2014. Studies initiated after June 10, 2014 also require notification of milestones within 90 days of signing the Feasibility Cost Sharing Agreement. Notification is also required when milestones have changed.

This certified letter provides a list of current studies, projects, their managers and schedules. Schedules are based on the assumption of full funding (Federal and non-Federal) over the course of study. Updated study schedules will be posted and available to the public on the New York District website (<https://www.nan.usace.army.mil>). All schedules and missed deadlines will also be submitted in an annual report to Congress. Currently there is one project to be reported. Other studies reported in prior years have all been completed.

NY & NJ Harbor and Tributaries CSRM Focus Area Feasibility Study  
 Project Manager: Bryce Wisemiller, (917) 790-8307

Milestone	Milestone Date*
Release of Draft Feasibility Report	TBD
