**ARMY CORPS AWARDED
ORDNANCE REMOVAL CONTRACT MODIFICATION
FOR THE
FORMER RARITAN ARSENAL (FUDS)**

NEW YORK -- The U.S. Army Corps of Engineers New York District awarded a contract modification to accomplish continue ordnance removal efforts at Area 12 of the Former Raritan Arsenal FUDS. The original contract was awarded March 31, 2009 to USA Environmental, Inc. of Oldsmar, FL in the amount of \$1,283,842.80 to clear 3.2 acres. Effective September 21, 2010, a modification to the contract was awarded in the amount of \$2,851,111.32 to clear the remaining total of 21.42 acres of Area 12.

OBJECTIVE: USA Environmental is tasked to perform the following:

- 1) Perform statistically reliable sampling to more precisely define the horizontal extent of ordnance distribution in the dense anomaly locations and
- 2) Provide all Munitions Response (MR) services necessary to remove Munitions and Explosives of Concern (MEC), Material Potentially Presenting an Explosive Hazard (MPPEH) and all other ferrous materials, to include munitions debris from the Former Raritan Arsenal, Area 12.

TIMEFRAME: Ordnance removal funded to date will be completed by December 2011. USA Environmental mobilized on 25 April 2010. By December 2011, 21.42 acres will be cleared of ordnance.
