B. REQUIRED ADDITIONAL COMMENTS TO SUPPORT JD. EXPLAIN RATIONALE FOR DETERMINATION THAT THE REVIEW AREA ONLY INCLUDES DRY LAND: The JD review area consists of previously filled and managed areas, including grassed and paved areas historically used as a military base. No channel features with indicators of an ordinary high water mark, or lands that met the federal wetlands criteria, were identified within the limits of the JD review area. Portions of Saranac River below its ordinary high water mark are located just to the north and east of the project site, outside the JD review area.
